

Incidental learning for home

English	Mathematics	Science	HSIE	PDHPE	CAPA
<p>Pick up your toys when you are finished playing with them and before playing with something new because there will be a big mess to clean up. If we play with something it is our job to put it back away.</p>	<p>Counting when eating (e.g. a sandwich cut into four squares, how many tiny teddies are there?)</p>	<p>Changing your bed linen to flannelette sheets, blanket and quilt -because Winter is coming and it is getting colder.</p>	<p>Walk to a park and talk about the importance of local places. Going shopping for groceries. What is the purpose of grocery stores? Getting petrol for the car and discuss places in our community and their importance to daily life.</p>	<p>Sitting at the table appropriately while eating so that when we are able to go out again we can use our good manners at our friends and in a restaurant. Chewing with our mouth closed for the same reason</p>	<p>Drumming – playing a simple 4/4 beat on a table or bucket turned upside down. Add in a variety of beats and extra notes as you progress.</p>
<p>Reading a book before bedtime and pointing to or discussing the characters and settings. What happened first, second and last in the events.</p>	<p>Helping measure items during cooking. Using half a cup of flour or a cup of rice. Talk about more and less of an item such as salt or seasoning. Measuring using water, this cup is full and this one is empty.</p>	<p>We go to bed at this time (or when it gets dark) or we will wake up tired. Talk about day and night and the seasons.</p>	<p>What rooms are there in your house? What is the purpose of each room? The kitchen is for eating, the bathroom is for washing and bedrooms are for sleeping.</p>	<p>Setting the table with plates and cutlery. Making breakfast such as toast and juice. Why do we eat healthy foods for breakfast? What foods are for snacks and main meals?</p>	<p>Singing along to a song, can we follow the beats by clapping along or humming a tune.</p>
<p>PDHPE</p>	<p>Safety on your bike -wear a helmet, shin pads etc, do not ride on the road</p>	<p>Safety in the kitchen -we do not touch the oven, hotplates or kettle because we could get hurt. We do not touch power points or stick anything inside of them as we could get hurt.</p>	<p>Putting your clothes away and folding laundry. Placing dirty clothes in the basket and helping load the washing machine.</p>	<p>Waiting patiently when you want something if Mum/Dad is busy and can't do what you would like them to do immediately (you could be on the phone, helping another sibling, hanging out washing)</p>
